

# HUNTER PENROSE

consumables and equipment for printers

## “AUTO WASH”

### AUTOMATIC BLANKET AND ROLLER WASH

Blanket and roller wash for sheet fed automatic wash-up systems

- “A3” formulation complying with press manufacturers’ and research institutes’ specifications
- Controlled drying speed – suitable for B1 and B2 size presses
- Very low aromatic A60 solvent content – safe for the press, operators and environment
- Fully water-miscible – designed for wash programmes that include a water phase
- Low odour – suitable for large presses in confined space
- Non-hazardous – Flashpoint 62°C
- Effective automatic removal of ink, paper dust, gum and varnish residues
- Part of the Hunterpress press maintenance programme – for longer life of blankets and rollers

#### AUTO WASH Technical data
