PRODUCT INFORMATION

Product name	Huntercoat Coater wash
Description	Alkaline wash for removing water based coating from equipment
Applications	Effective cleaning solution, developed to remove semi-dried and dry emulsion coating from application equipment. When diluted, Coater wash is excellent for flushing pipes and pumps, to prepare the machine for your next coating run.
Directions for use	Soak articles to be cleaned in Coater wash for 20-30 minutes and then rinse with clean water. Very hard dried or thick coating build-up may require overnight soaking to soften the material fully. If used as a flushing solution, reduce with water 1 part Wash to 4 parts of water.
Technical Data	Appearance: cloudy liquid pH: 9.5 Specific gravity: 0.95 g/cc
Sizes available	200 litre drum 25 litre container
Tariff code	34021900
Other information	
P.I. REF	0505 PI Coater Wash
